

Our Church or School needs a Corporate Credit Card

Can the auditors share an option?

Yes, we can. Here is a promo link that you can check out:

Welcome to BILL Spend & Expense - YouTube

Here is the account support feature:

ACCOUNT SUPPORT

With Bill Divvy corporate credit card:

- You can submit lists of accounts that every card holder is using.
- Each card holder can assign the account number as spending happens and attach receipts. (original receipts will still be required)
- At the end of the month, the statements will have a summary of the assigned accounts which we then use in recording.

Additional note: this credit card is used by the North American Division, GCC & Florida Conference because of its features that are not available in other credit card companies.
